

# INTERPRETATION-SESSIONS IN VIRTUAL COLONOSCOPY

The interpretation sessions of VCTC are dedicated to a small group of 10 participants and address the different aspects of virtual colonoscopy with an alternation of lectures and interpretation sessions. There is one workstation per participant for the interpretation sessions. In two days 50-70 cases can be interpreted. One session dedicated to the presentation of difficult cases brought by the participants for discussion.

## Learning Objectives

- How to perform state-of-the-art CT colonography ?
- To learn different types of preparation.
- To learn the importance of optimal colonic distension.
- To learn how to interpret CT colonography: from 2D to 3D.
- To learn the difficulties and pitfalls in imaging in CT colonography.
- Interpretation of virtual colonoscopy: **1 workstation per participant.**
- Use of 2D- and 3D-imaging for interpretation.
- Pitfalls in imaging: pearls to avoid them.
- What is the role of CAD in virtual colonoscopy?
- How to make an efficient report: use of C-RADS and E-RADS.

## Program

### Day 1

#### **8.30 - 09.30 : *Preparing the patient for CT colonography***

- How to prepare the patient. Importance of faecal tagging.
- *Interpretation-session*: Interpretation of cases without and with faecal tagging.

#### **9.30 - 10.30 : *Distending the colon***

- How to obtain adequate colonic distension.
- *Interpretation-session* : importance of adequate colonic distension.

#### **10.30 - 11.00 : *Coffee***

**11.00 - 13.00 : Tumoral lesions**

- Imaging characteristics of tumoral lesions.
- *Interpretation-session.*

**13.00 - 14.00 : Lunch.**

**14.00 – 15.30 : Diverticulosis**

- Imaging characteristics of diverticulosis.
- *Interpretation-session.*

**15.30 – 16.00 : Pitfalls& Pearls**

- Imaging characteristics of pitfalls: the pearls to avoid them.

**16.00 – 16.30 : Coffee**

**16.30 - 18.30 : Pitfalls and Pearls**

- *Interpretation-session.*
- Discussion.

## Day 2

**8.30 - 10.30 : Interpretation-session**

- Interpretation of cases.
- Discussion.

**10.30 - 11.00 : Coffee**

**11.00 - 13.00 : Interpretation-session**

- Interpretation of cases.
- Discussion.

**13.00 - 14.00 : Lunch**

**14.00 - 15.00 : CAD interpretation-session**

- Role of CAD in virtual colonoscopy
- Interpretation of cases with CAD
- Discussion.
-

**15.00 - 16.00 : Interpretation-session**

- Interpretation of cases with CAD
- Discussion.
- 

**16.00 - 16.30 : Coffee**

**16.30 – 17.30 : Interpretation-session**

- Interpretation of cases.
- Discussion.

**17.30 – 18.30 : Discussion**

- Presentation of difficult cases brought by the participants.

**18.30 : Adjourn**

## Organisation

Virtual Colonoscopy Teaching Centre  
Stefaan Gryspeerdt  
Philippe Lefere

Akkerstraat 32c  
B-8830 Hooglede  
België

Tel : 0032499976480 of 0032478245458

Fax : 003251246946

E mail : [gryspeerdt.lefere@vctc.eu](mailto:gryspeerdt.lefere@vctc.eu)

## Registration

Registration is limited to 10 persons.

The registration fee is 800 euro and provides in:

- 1 workstation per participant.
- a syllabus with the presentations and the cases
- the breaks and the lunches

To register click [here](#)

## Hotel Information

We propose :

### **Hotel SAVARIN**

Westlaan 359

B-8800 Roeselare

Tel : +3251225916
